About Paul Global Benefits

Paul Global Benefits manages the benefits process so you don't have to! We are a premier international benefits consulting firm that is focused on group benefits and general business insurance in the U.S. and globally. The PGB team has experience managing close to \$1 billion in annual global premiums and close to \$2 billion in annual global proposals. With our unparalleled service model, we become an extension of your team and align our business practices with your needs.

Our seasoned staff members understand how insurance companies price and manage risk, because they helped create and design many of the programs used. In addition, PGB offers clients branded financial modeling tools that hold carriers accountable for accurate underwriting of client programs. With these tools, we succeed at managing benefit costs for clients and continuously outperform the market in cost management.
